What we did last fortnight!

We have had another busy 2 weeks talking about being water wise, being safe around water and going to beaches ready for summer. While we were on the topic we also talked about why we should be sun smart. The children created a wonderful display with then working collaboratively together as a group to paint a beach scene, with their footprints on it. The children gathered some twigs and branches during the morning which they have painted to turn into our rustic Christmas tree. Brain gym, was a great experience as the children have never done a drawing using a pen in both hands at the same time to create a picture. The calico bags the children decorated has been featured on the Camp Australia's Facebook page for the tCAF Global Citizenship Program. Well done on the beautiful work you all did for the children in Bangladesh. Shape blocks are always fun as the children always use their imagination to come up with wonderful designs. Painting, drawing, lego, cars, and role playing in the home corner were popular. Daily group games and sport activities are embedded into the service as the children enjoy spending time with their peers and being active.

What we have planned for the next fortnight!

With only 2 weeks left of the school term we will be bringing in the Christmas spirit by making decorations and decorating the hall.

Child feedback with other activities that will be programmed and delivered during the session. Other activities which will include, drawing, painting, baking, soccer, cricket, group games, helicopter, skipping and ball games. Board games, puzzles, lego, zoobs, cars, home corner and recycled construction are a few other items we have on offer during the fortnight. We allow for indoor and outdoor activities every day.
