What we did last fortnight!

We have been busy with the Camp Australia's welcome program as this offers a range of welcome activities to help children and families feel 'at home' in each service. We have made a family tree that has a colourful garden and even a mushroom stool. Most items used to create this tree was recycled items. We have spent time update our cultural and welcome display in the hall way with lots of ways to say hello/welcome in different languages. We have been talking about what we would like to learn about and do for next term so that we can make sure to have the resources organised. Don't forget to drop into the hall as you will see all the wonderful things the children create and our new Feedback wall starting to take shape with lots of wonderful comments from the children and families.

Painting, drawing, lego, cars, and role playing in the home corner were popular. Daily group games and sport activities are embedded into the service as the children enjoy spending time with their peers and being active.

What we have planned for the next fortnight!

We have a science week planned, we are going to make crystals, bouncy balls and slime to name a few things. The children really enjoy looking into different animals so we will also be creating and learning some fun facts about them.

Child feedback with other activities that will be programmed and delivered during the session.
