What we did last fortnight!

In the last fortnight the children and I have been playing active and group games like, soccer, tag, helicopter, skipping, and other ball games. Active play is part of our daily routine and the children are having fun and smiling. Arts and craft were also enjoyed by the children, like dot art, creating items out of paddle pop sticks, making father's day cards. Colouring and drawing is something the children have enjoyed when they want to do a quiet activity. The children also enjoyed making loom bands and playing board games and twister. You will also find us over in the Eco garden every afternoon, visiting the chickens and also weeding and water our gardens.

What we have planned for the next fortnight!

In the next fortnight I will continue spending time getting to know the children and also meet new children as they come to the service, so that I can plan and program in mind with what will help your children achieve and to extend on their strengths they already have. We will be continuing on with creating pictures for our environmental wall this fortnight, including nature walks and craft activities. The children have been talking a lot about animals so we will continue to have discussions and find out facts about animals. We are planning on doing some cooking this fortnight also. Continuing to look after our garden and visit the chickens. A range of physical activities, games, craft, construction and puzzles for your children to also enjoy at BSC and ASC.
