What we did last fortnight!

We have finished creating our handmade gifts that will be sent to the orphan children in the Sophakama Community in South Africa. Puzzles, memory games, alphabet and number games were made. The children tested out the games that we made before they were packed and posted. We have been working on our program for the Summer Holiday Club, the children and I have had discussions about what activities they might like to see during the holiday. Painting, origami, and bright colourful artwork were created. Physical activity is programmed in daily for the children as they enjoy kicking the ball, skipping, and playing group games with their friends as well as playing board and card games.

What we have planned for the next fortnight!

In the next fortnight we will be creating artwork, baking, group activities, beading, perler beads and recycled construction are some of what is planned. We will be out in the garden getting it ready to plant some more items as we have run out of some vegetables that the children enjoy eating. A range of physical activities, games, craft, construction and puzzles for your children to also enjoy at BSC and ASC. Children are helped with homework, sight words and reading when needed. Sports and group games will also be enjoyed during before and after school.

Please remember to bring your hats so that we can go outside to play.

Junior Global Citizenship Program

I would like to say how extremely proud of am of all the children's hard work to complete these items, to provide some cheer to the children in the Sophakama community. They worked together as a team and took great care of the items they helped create. Thank you. ☺

Wow Vesna, What beautiful gifts from your service. Thank you for the care and support you provided to encourage kids to get involved and create gifts for children who have much less than them. It is a credit to you.

I would like to use your pictures for promo purposes etc. so don't be surprised if you see your work pop up in other places. Great work!!
