### What we did last fortnight!

In the last fortnight the children have made different types of flowers, tissue paper, folded flowers and origami flowers (Kusudama). The children have also been working on a paper chain, which now is up on the wall around the hall. The children set themselves a goal to wrap the paper chain around the entire hall. They have nearly completed their challenge. They worked great as a team. The children were curious to work out how long their paper chain was when on the floor before it was hung. We borrowed a tape measure and the children set to work out the length. Their paper chain is 67m long. We have created artwork using different mediums this fortnight which include rubber bands, bottle tops and bubble wrap. The children enjoyed learning new ways to craft. Physical activity is programmed in daily for the children as they enjoy kicking the ball, skipping, and playing group games with their friends as well as playing board and card games.

### What we have planned for the next fortnight!

In the next fortnight we will be making our paper cup snowman, decorating our Christmas tree and making Christmas decorations and baking. Time spent out in our garden will be included in our programming also. A range of physical activities, games, craft, construction and puzzles for your children to also enjoy at BSC and ASC. Children are helped with homework, sight words and reading when needed. Sports and group games will also be enjoyed during before and after school.

*Please remember to bring your hats so that we can go outside to play.*

**Holiday Club bookings are open, we have lots of activities planned for your children to enjoy.**

Thank you  
Vesna
