

How to access lessons from home

Firstly, click on this link:

<https://learningplace.eq.edu.au/cx/resources/file/6f953822-eb08-473b-9f36-f5637af98019/1/resources/swp.html>

A screen will open and enter your student logon and password.

There will be a list of links down the page. We are recommending that you access the English and Maths links for your year level.

If your child is in a multi-level class here are the units that have been selected for English:

4/5W – the year 5 English lessons.

2/3W – the year 3 English lessons.

1/2C – the year 2 English lessons.

If your child is on an ICP (Individual Curriculum Plan), please use the level for English or Maths that is indicated in the plan. If you are unsure please email your class teacher.

Prep Fortnight 1

English

Overview: Retelling an experience or story. Linked to C2C unit 1 and 2	Lesson sequence: Lesson 1 - Sharing a familiar experience Lesson 2 - Recounting events of a day Lesson 3 - Sharing other people's experiences Lesson 4 - Sequencing a recount 1 Lesson 5 - Writing new ideas Lesson 6 - Retelling an experience Lesson 7 - Reading the pictures and words Lesson 8 - Investigating sentences Lesson 9 - Planning to retell a story Lesson 10 - Retelling a story to an audience Books needed for these lessons: please click on the links to view videos of these books on Youtube. Quincy and Oscar – https://www.youtube.com/results?search_query=quincy+and+oscar Evie's mad hair day – https://www.youtube.com/results?search_query=evie%27s+mad+hair+day Tom Tom – https://www.youtube.com/watch?v=wpcJJBJxBo Lost and found - https://www.youtube.com/results?search_query=lost+and+found
--	--

Mathematics

Number understanding, partitioning, quantities. Linked to C2C unit 2 and 4 content	Lesson sequence: Lesson 1. Counting to determine how many Lesson 2. Counting forwards and backwards Lesson 3. Comparing quantities Lesson 4 - Connecting number names, numerals and quantities Lesson 5 - Representing quantities Lesson 6 - Partitioning quantities Lesson 7 - Comparing and ordering quantities Lesson 8 - Making equal quantities Lesson 9 - Combining small collections 1 Lesson 10 – Combining small collections 2
--	--

Year 1 Fortnight

English

Overview: Examining Characters, writing a character description and reading comprehension (making inferences and reading fluency) Linked to unit 2	Lesson sequence: Lesson 6 – Analysing language Lesson 7 – Examining character development Lesson 8 – Examining images Lesson 9 – Reading meaningfully Lesson 16 – Planning for writing Lesson 17 – Exploring differences between happenings and states Lesson 18 -Using pronouns Lesson 19 - Re-reading own texts Books needed for these lessons: please click on the links to view videos of these books on Youtube. Giraffes can't dance - https://www.youtube.com/results?search_query=giraffes+can%27t+dance+read+aloud Crunch the crocodile – https://www.youtube.com/watch?v=bhCV9otahek Rose meets Mr Wintergarten - https://www.youtube.com/watch?v=dewmK5K_CdU
--	--

Mathematics

Overview: Patterns involving object and numbers Linked to Unit 1 and 3	Lesson sequence: Lesson 1 -Describing patterns involving objects and numbers Lesson 2 -Describing growing patterns in counting sequences Lesson 3 - Counting by 10s Lesson 4 - Representing and recording counting sequences Lesson 6 - Describing number patterns Lesson 7 - Representing multiples of 10 Lesson 8 - Comparing quantities Lesson 9 - Recording equal quantities Lesson 11 - Representing two-digit numbers Lesson 12 - Partitioning two-digit numbers
--	---

Year 2 Fortnight

English

Overview: Character description and traditional representation of characters. Write a description of an alternative character. Linked to Unit 3	Lesson sequence: Lesson 1 -Representing characters through description Lesson 2 - Examining a description of a character Lesson 3 -Examining traditional representations of characters Lesson 4 - Examining an alternative representations of a character Lesson 5 - Comparing representations of characters Lesson 7 -Using language to describe characters Lesson 8 - Exploring vocabulary in texts 1 Lesson 9 - Exploring vocabulary in texts 2 Lesson 10 - Creating a description for an alternative character. Books needed for these lessons: please click on the links to view videos of these books on Youtube. Fox – https://www.youtube.com/results?search_query=fox+by+margaret+wild Emily and the dragon – https://www.youtube.com/results?search_query=emily+and+the+dragon The paper bag princess - https://www.youtube.com/results?search_query=the+paper+bag+princess
--	---

Mathematics

Overview: Number patterns, partitioning and addition stories Linked to C2C unit1 and 2	Lesson Sequence: Lesson 7 –Representing two-digit numbers Lesson 8 – Partitioning two-digit numbers Lesson 9 – Representing addition situations Lesson 11 –Representing the 3s counting sequence Lesson 12 – Describing number patterns Lesson 13 –Identifying missing elements
--	--

Year 3 Fortnight

English

Overview: Persuasive letters Linked to Unit 3	Lesson Sequence: Lesson 1 - Listening to a true story Lesson 2 - Building field knowledge Lesson 3 - Exploring other perspectives Lesson 4 - Reading and comprehending a narrative Lesson 5 - Writing a persuasive paragraph Lesson 6 - Using extended and technical vocabulary Lesson 7 - Writing sentences to justify arguments Lesson 8 - Reviewing and reflecting Books needed for these lessons: please click on the links to view videos of these books on Youtube. The peasant prince - https://www.youtube.com/results?search_query=the+peasant+prince
---	---

Mathematics

Overview: Representing numbers, adding and subtracting Linked to unit 1 and 2	Lesson Sequence: Lesson 6 –Representing three-digit numbers Lesson 7 – Comparing and ordering three-digit numbers Lesson 8 – Partitioning three-digit numbers Lesson 9 – Using place value in addition and subtraction Lesson 16 – Describing additive number patterns Lesson 17 – Investigating additive number patterns
---	--

Year 4 Fortnight

English

Overview: Students read and analyse traditional stories from Asia Linked to unit 3	Lesson Sequence: Lesson 1 - Exploring characteristic features of traditional stories 1 Lesson 2 - Exploring characteristic features of traditional stories 2 Lesson 3 - Identifying direct speech in a traditional Asian story Lesson 4 - Examining cohesion in a traditional Asian story Lesson 5 - Reading and understanding a traditional Asian story Lesson 6 - Examining plot and characterisation Lesson 7 - Reading and analysing a traditional story 1 Lesson 8 - Reading and analysing a traditional story 2 Lesson 9 - Examining character development
--	--

Mathematics

Overview: Place value, odd and even and five-digit numbers Linked to Unit 2	Lesson sequence: Lesson 1 - Exploring five-digit numbers Lesson 2 - Ordering and comparing five-digit numbers Lesson 3 - Partitioning five-digit numbers Lesson 4 -Applying place value understanding to five-digit numbers Lesson 6 – Identifying properties of odd and even numbers Lesson 7 – Using properties of odd and even numbers in addition and subtraction Using the properties of odd and even numbers in multiplication and division.
---	--

Year 5 Fortnight

English

Overview: Creating a persuasive text – forming a point of view Linked to Unit 2	Lesson sequence: Lesson 1 – Selecting and evaluating evidence 1 Lesson 2 -Selecting and evaluating evidence 2 Lesson 3 – Creating opposing points of view 1 Lesson 4 – Creating opposing points of view 2 Lesson 5 – Presenting a point of view Lesson 11 – Engaging in close reading 1 Lesson 12 – Engaging in close reading 2 Lesson 13 – examining text structures Lesson 14 – Creating a point of view
--	--

Mathematics

Overview: Multiples of 10, five digit numbers and converting fractions and decimals Links to several units throughout the year and monitoring tasks	Lesson sequence: Lesson 1 – adding five-digit numbers Lesson 2 – subtracting five-digit numbers Lesson 3 – Multiplying by multiples of 10 Lesson 4 – Dividing numbers to five digits Lesson 6 – Exploring decimals to hundredths Lesson 7 – Converting between fractions and decimals Lesson 8 – Counting in decimals Lesson 9 – Comparing and ordering decimals
---	---

Year 6 Fortnight

English

Overview: Advertisements Linked to unit 2	Lesson sequence: Lesson 1 – Viewing and comprehending still image advertisements Lesson 2 - Identifying text features of still image advertisements Lesson 3 - Analysing the vocabulary of still image advertisements Lesson 4 - Exploring cohesive devices and language choices in still image advertisements Lesson 5 - Exploring narrative voice and modality in still image advertisements Lesson 7 - Viewing and comprehending advertisements across different media Lesson 8 - Analysing text features of advertisements in different media Lesson 9 - Analysing the language of advertisements in different media Lesson 10 - Experimenting with language and text structure to create a new advertisement
---	---

Mathematics

Overview: Problem solving and multiplying with decimals Linked to Unit 3	Lesson sequence: Lesson 1 –adding decimals involving tenths Lesson 2 – subtracting decimals involving tenths Lesson 3 –Solving problems involving decimals Lesson 4 – Multiplying whole numbers by posers of 10 Lesson 6 –Multiplying decimals by powers of 10 Lesson 7 – Multiplying tenths by one-digit whole numbers Lesson 8 – Multiplying decimals by multiples of 10
--	--
