TECH

Koala Kids OSHC is a place in which play takes priority because all children have the right to play, as such; our program is to plan for the possibilities of play. Our service is based on a play approach which sees children as the constructors of their own experience in an environment which children are supported and encouraged to flourish and fail. Our approach sees our educators facilitate and maintain the physical and psychological conditions that encourage and allow for children to play as a process that is freely chosen, personally directed and intrinsically motivated.
