

An eLearning resource for the Australian Curriculum

A NEW ONLINE RESOURCE FOR STUDENTS AT OUR SCHOOL

Dear Parents and Carers

We are excited to announce REDeLEARN, a new school resource that can be accessed from school, home, or on-the-go anywhere on any device with an Internet connection.

REDeLEARN is an all-Australian, curriculum-based web platform that is specifically designed to support inquiry-based learning in a fully contained research area. With hundreds of non-fiction articles, REDeLEARN will enhance learning across the school curriculum in an engaging and fun way.

REDeLEARN is designed to be easy-to-use with intuitive navigation and responsive layouts across a range of smart devices including smart phones, tablets, laptops and computers. All images are mindfully selected to be visually appealing, highly informative and safe. Text is easy-to-read and all topics are written in support of the Australian Curriculum. REDeLEARN is developed with high interest and maximum student engagement in mind, in a safe online space.

Features include a dyslexic friendly toggle, text-to-speech, fast-facts, videos, sound clips, stunning imagery, fun quizzes and learning activities to keep students engaged and enjoying learning.

REDeLEARN is a safe, ad-free platform to help your child master key learning outcomes, improve comprehension and widen vocabulary in a fun and visually appealing way.

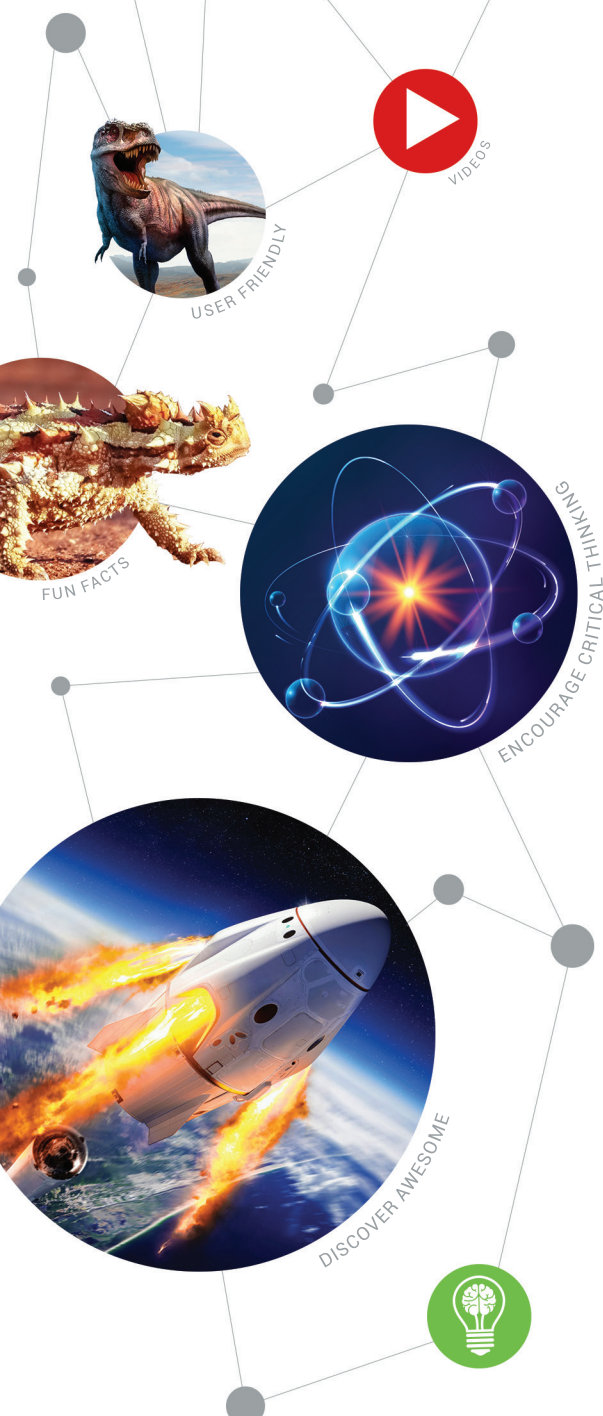

We encourage you to explore REDeLEARN with your child and welcome your feedback as we explore this exciting new opportunity together.

Accessing this resource is very easy!

Simply go to www.REDeLEARN.com.au and sign in with our school's username and password.
